ARISTOCRAT Executive and Clerical Desks

M12178

M12260

M12360L

DESKS

M12178: Executive Desk, 78"x38". Impressive in appearance. Spacious oversize top with 9" overhang at both ends and rear. Affords comfortable seating and writing space for participants in conference.

Standard drawer arrangement: One file drawer, four box drawers, and center drawer. File drawer can be interchanged with any two box drawers.

M12160: Executive Desk, 60"x36". Same as No. 12178 above, except with 7" overhang at back only.

M12260: Flat Top Desk, 60"x30". Designed for department heads and general office use; the 30" depth saves valuable space in the modern office and still provides ample working area.

Standard drawer arrangement: Same as in No. 12178 above.

M12255: Same as No. 12260 above, except size 55" x 30". For additional space-saving in office layouts, especially for clerical use.

M12360L: Secretarial Desk, 60"x30", with typewriter mechanism in left pedestal.

An ideal desk for combining typing and clerical work. Mechanism is equipped with special spring adjustment to equalize tension of spring to weights of different typewriters including electric. Platform locks firmly into door panel to add to the rigidity and reduce vibration.

Standard drawer arrangement: Three box drawers in right pedestal with slope pocket stationery tray included in top drawer. Center drawer has utility tray and lock that controls all drawers.

M12360R: Same as above, with typewriter platform in right pedestal.

Ask for the Remington Rand "Dream Office" Catalog - FF211.

TABLES

Tables range in size from the Modular 45" x 19 $\frac{3}{4}$ " to the conference table 120" x 42". Shown below are a few of the sizes.

CHAIRS

CHAIRS - STEEL

Illustrated are a few of the many chair designs available from the REMINGTON RAND Steel Chair Group. There is also a wide selection of finish colors and upholstery materials. Ask for the REMINGTON RAND Steel Chair Catalog - FF229.

Model 65 — Executive Posture Chair. A fine posture chair with precise adjustments to fit it exactly to you. Has classic big-chair beauty and luxury.

Model 1800B — Fills the need for quality steel office chairs at economy prices. Heavy gauge cold-rolled square steel tubing is used in the arc-welded frame and yet prices are only slightly more than the cheapest chairs with less permanent construction. The 1800B line exceeds the severe strength tests of the General Services Administration.

Model 1810B — Side Armchair

Model 57-S — Deep, molded foam rubber seat cushion gives superb comfort. Seat height adjusts from 17½ to 21¼ inches. The heavily embossed steel seat pan provides extra strength and finished appearance. Comfortable formed steel back is padded with foam rubber. Back support has spring action with adjustable tension. Base has sturdy, one-piece formed steel construction. Ball-bearing casters have 2-inch soft rubber tread.

Specifications.

Seat: 16¼" wide, 14" deep, 3½" thick.
Back: 13½" wide, 8¾" high, 1" thick.

CHAIRS - ALUMINUM

Illustrated are a few of the many chair designs available from the REMINGTON RAND Aluminum Chair Group. The satin aluminum finish has a surface hardness that resists scratches and marring. A wide selection of attractive upholstery materials is available. Ask for the REMINGTON RAND Chair Catalog FF203.1.

Zephyr® Aluminum Posture Chairs

For the President or Top Executive — The guiding head of a business is often at his desk endless hours. His is about the toughest job in all business. Here is a chair that reflects a specialized requirement — the utmost in comfort, the final word in styling, a distinguished result from the viewpoint of appearance.

9507SB Executive Chair

	Inches
Height of top of back from seat	18-19
Height of seat from floor.....	18¾-20%
Width of seat	21½
Depth of seat	20½
Width between arms	20
Shown upholstered in Bedford Cord.	
Deep molded foam rubber seat and back cushion.	

For Secretaries

Cushioner® Lifetime Seating Luxury — "Give" is built in, in the new, sleek, handsomely designed spring base. Legs are made of tempered spring steel. These act as shock absorbers as they provide a firm yet gently yielding action. In addition, all four legs of the spring base automatically adjust to uneven floors — a condition often existing even in modern buildings. These features are exclusive with REMINGTON RAND CUSHIONER Chairs.

This chair, for secretaries, typists and office machine operators, recognizes the great difference in seating requirements for those who work with machines and those who do not. Its many adjustable features are especially designed for the woman worker. The correct posture it promotes is a great factor in building general productiveness.

9219 Chair

	Inches
Height of top of back from seat	12-15½
Size of back rest.....	11¾-7
Height of seat from floor	17½-20%
Width of seat	15½
Depth of seat	14
Shown upholstered in Plastic-Coated Fabric over foam rubber.
